

COMPANY PROFILE

COMPANY OVERVIEW

Medequip Uganda Limited is a registered company incorporated under the laws of the Republic of Uganda in 2011, with our head office located at Block 29, Plot 1521 Mawanda Road, Kampala.

We are a growing company with a vision of becoming the leading distributor of medical equipment, sundries, consumables and technical services provider in the East Africa region.

We are proud to be among the leading distributors of medical equipment, supplies and consumables in Uganda, especially imaging and radiology, critical care, surgical, and medical furniture.

Our medium-term plan for the Ugandan market is to venture more into the medical laboratory equipment and reagents while our expansion plan is to focus on East African market. We are dedicated to provide our clients with high standard and quality medical equipment with dedicated, committed and professional services support

MISSION

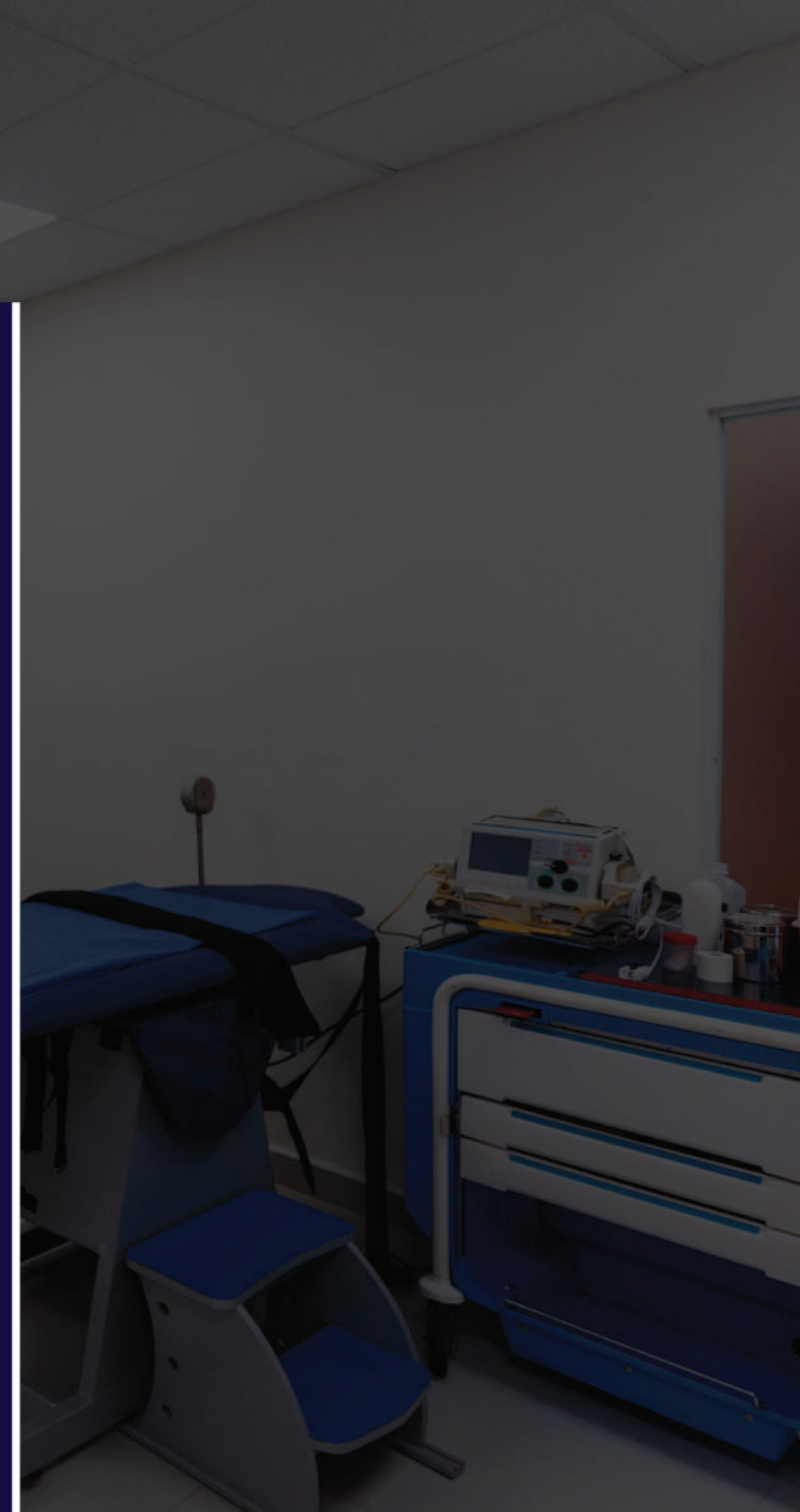

- To provide high quality and complete medical equipment healthcare solution as well as supplies and accessories tailored to meet the needs of our clients as well as provide professional and responsive service support to our clients to enhance full utilization of the equipment acquired.
- To supply, install, service, maintain and repair medical equipment and supply high quality sundries and consumables at affordable prices so as to make health care services more affordable to the people.

VISION

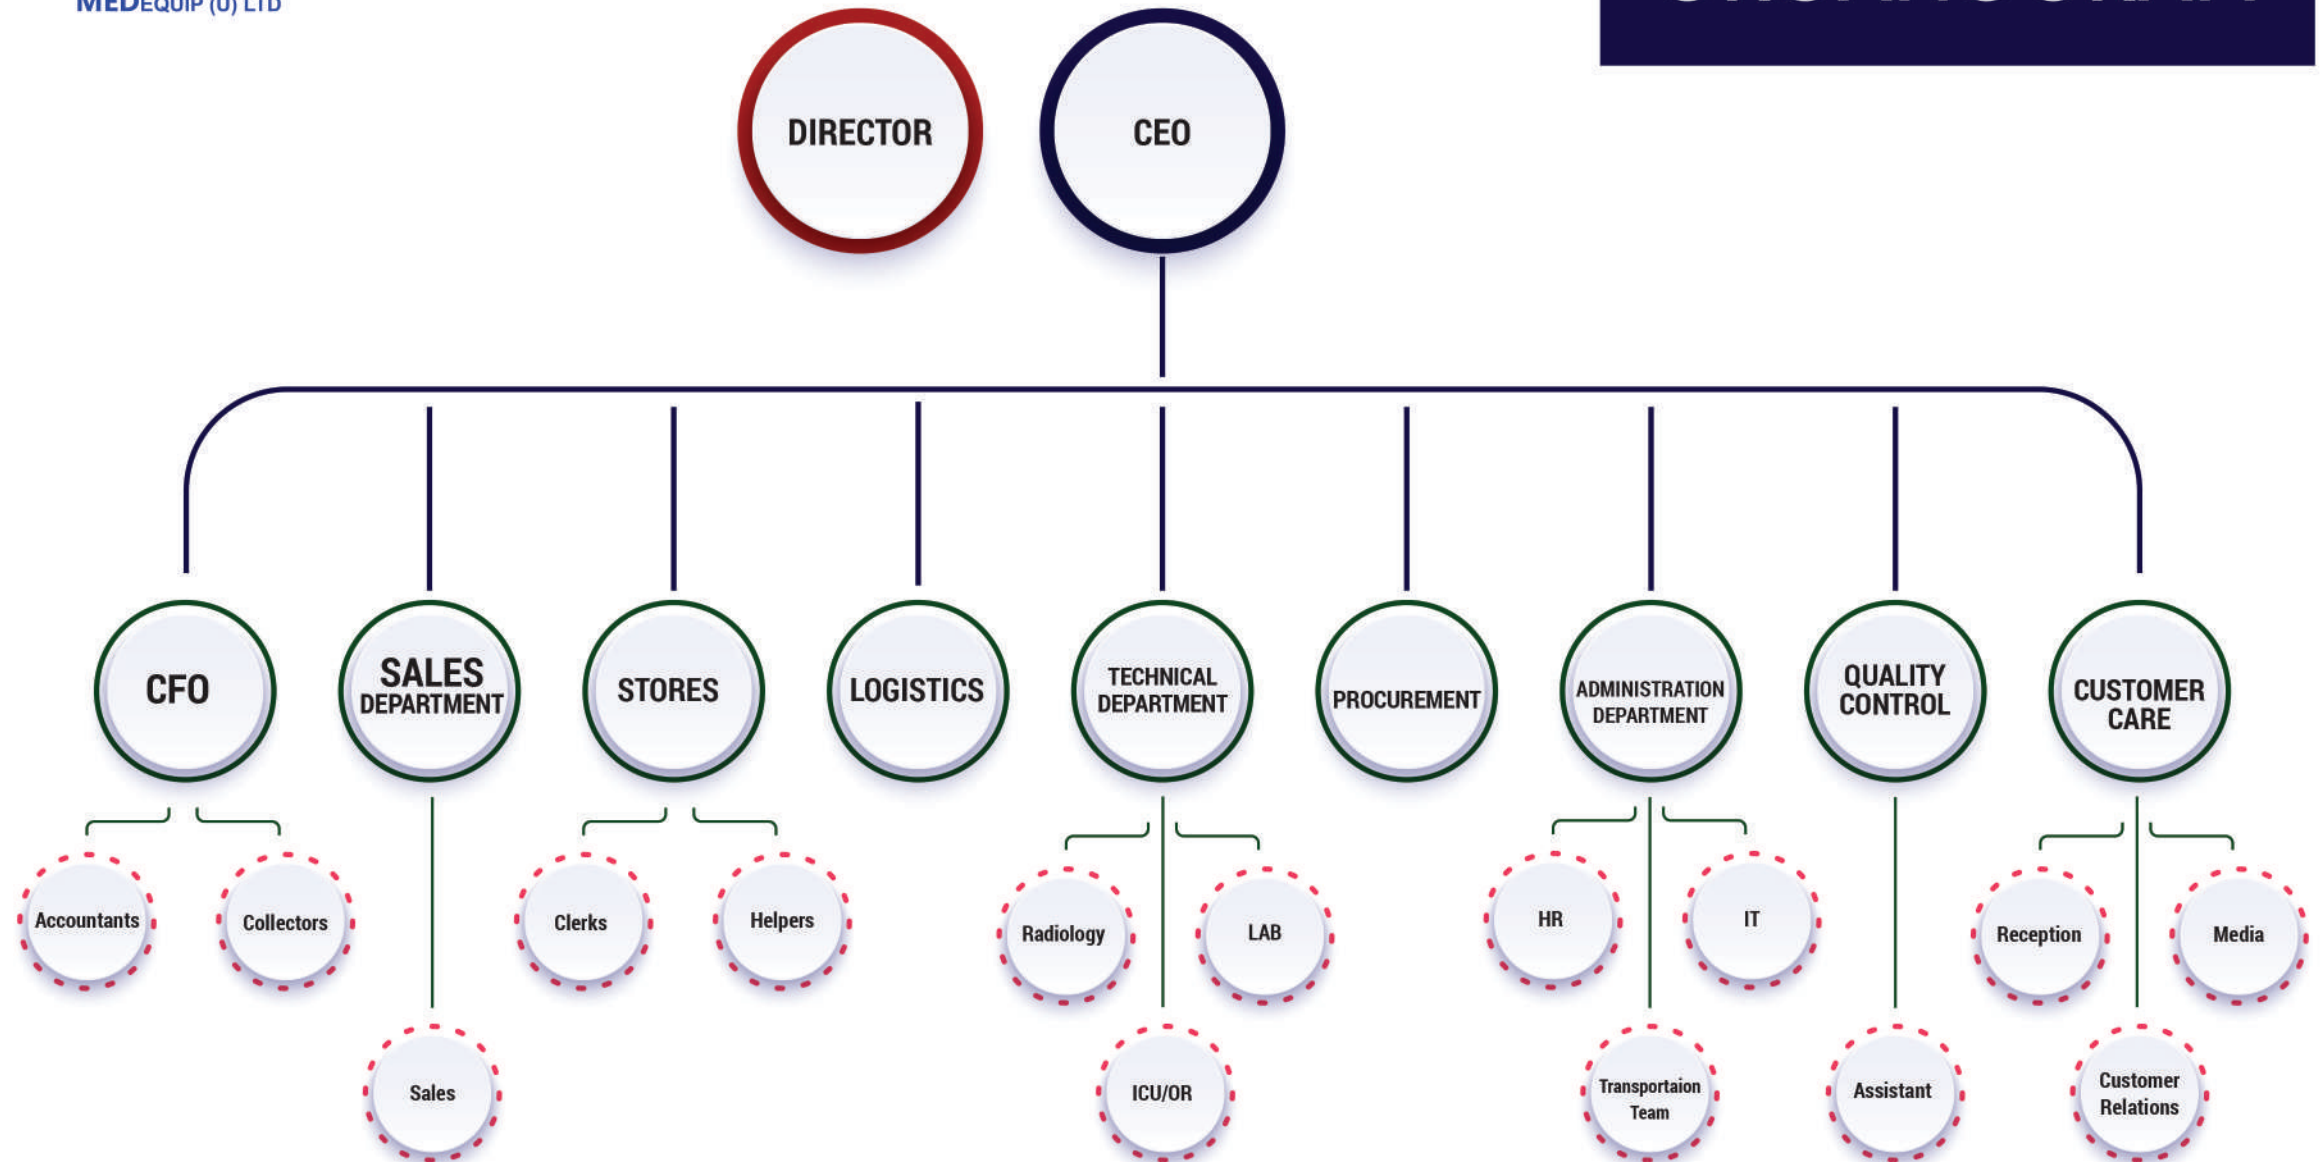

- To be the leading distributor of medical equipment, sundries, consumables and technical services provider in the Africa and world at large.
- We value innovation, honesty, integrity and timely responsiveness into all aspects of our business functioning.

WORD FROM OUR CEO

From the time of its incorporation in 2011 to date, Medequip Uganda Limited has grown to a level of being recognized by the Uganda Government as a middle income taxpayer company. Our current port-folio is above 5 million USD in Assets and equity. This has put Medequip among the major distributors and suppliers of Medical equipment and supplies in Uganda and other countries of East Africa. Our medium-term focus is on expansion within Africa. We are very proud of our contribution towards the promotion of health in the country by providing comprehensive range of medical equipment, supplies and consumables. It is our goal to see that we continue to enhance the health status of our people through provision of quality and yet affordable medical equipment, supplies and consumables. Our focus will still be on integrity, responsiveness and commitment.
